

New Glow Medspa - Menu of Services

Facials

New Glow Signature Facial, 75 min., \$130

New Glow Signature Facial is a luxurious yet effective treatment that will leave your face, neck and décolleté exfoliated, nourished, hydrated and glowing. During treatment we combine fruit enzyme, dermaplaning, and light chemical peel exfoliation. Delivery of vitamins, anti-aging ingredients, growth factors and peptides will nourish your skin. This facial is a great choice for all skin types and skin conditions, and delivers maximum results.

Anti-Aging Therapeutic Facial, 60 min., \$130

Anti-Aging Therapeutic Facial is an advanced facial that combines glycolic peel and Jessner's peel for deeper exfoliation. Massage of a highly concentrated peptide complex helps with skin firmness and whitening. Facial reduces wrinkle's depth, improves the skin's moisture and nutrition levels as well as elasticity.

Therapeutic Acne Facial, 60 min., \$130

Therapeutic Acne Facial is an advanced facial that combines glycolic peel and salicylic acid peel for effective results. Application of concentrated mixture of anti-inflammatory agents helps to treat irritated and problematic skin and to regulate sebum production. Facial decreases redness and blemishes, decreases bacterial proliferation, and hydrates and soothes skin.

Facial is great for active and cystic acne in teenagers or for adult acne skin or for rosacea skin.

Hydrating Facial, 60 min., \$80

Hydrating facial is the best soothing and hydrating solution for sensitive skin. Use of oat milk, an excellent humectant, helps to increase hydration. This unique treatment incorporates advanced botanicals and pro-vitamins such as cucumber, arnica and panthenol to calm and improve the skin's appearance. Hydrating serum and mask will further moisturize and plump your skin. Facial is great for sensitive skin, post-treatment sensitized skin, rosacea, dry and dehydrated skin, dull complexions, and it is also suitable for pregnant or lactating women.

Pore Refining Facial, 60 min., \$80

This deep pore cleansing facial is an excellent choice for purifying oily or breakout-prone skin. Deep pore cleansing treatment with extractions and clay mask soothes redness and reduces bacterial proliferation. The salicylic acids exfoliate, reduce sebum production and inflammation.

Rejuvenating Enzyme Facial, 60 min., \$80

Rejuvenating Enzyme Facial is appropriate for all skin types and conditions, except for hypersensitive or reactive skin. This enzyme treatment combines papaya and fruits extracts from lemon orange and apple to brighten dull complexions and gently exfoliate the skin, leaving a healthy glow.

Dermaplaning Facial, 60 min., \$90

Dermaplaning facial with a specialized blade exfoliates on a micro-thin layer to gently remove the surface of dead skin, including facial hair, and prepping the skin for better absorption of topical ingredients. Treatment is followed with extractions; massage, and it is finished with a therapeutic mask according your skin type. Facial can be combined with light chemical peel add-on, to give skin the appearance of resurfaced and rejuvenated skin.

Microdermabrasion Oxygenating Facial, 60 min., \$90

Oxygenating facial therapy combines gentle exfoliation with diamond tip microdermabrasion, enzymes and AHA. Vitamins and antioxidants application further support skin metabolism, purification and detoxification. The treatment improves sun damaged uneven skin tone and leaves skin smooth, glowing and radiant. The facial is great for aging or acne-prone skin.

Mini-Facial, 30 min., \$45

This shorter version of facial is perfect for teenagers or as a skin maintenance treatment. We will focus on what is your main concern: deep pore cleansing with extractions or exfoliation, or soothing hydration.

Back Facial. 60 min., \$90

Back facial starts with diamond tip microdermabrasion that gently and safely exfoliates the outside layers of the dead skin cells. Microdermabrasion improves skin texture and elasticity as well as sun damaged uneven skin tone. Light massage followed with hydrating mask will leave skin smooth and refreshed. Back facial is suitable for any skin type.

PCA Skin® Sensi Peel add-on, \$20

Nourishing Hand or Foot Treatment add-on, \$20

Skin Consultation, 15 min., Complimentary

Microneedling

Microneedling Face and Neck with Growth Factors, 60 min., \$225 (series of three treatments \$550)
Hands or Décolleté Microneedling add-on, 10 min., \$50
Dermaplane add-on, 20 min., \$35

Microneedling with InnoPen™ promotes natural induction of collagen without the stress of pain and without down time. Micro-channels, resulting from the needles piercing through the skin, will aid in infusing of therapeutic serum with growth factors. Calming mask with collagen, peptides and plant derived stem cells will soothe and hydrate the skin after treatment. Microneedling even ups skin tone and improves texture. Treatment is recommended for fine lines, sagging skin, sun-damaged skin, and acne scars.

Chemical Peels

PCA Skin® Sensi Peel, 40 min., \$80

Sensi Peel is a unique peeling option that was formulated for all patients, including those with highly sensitive skin. This gentle 6% TCA solution will help to improve surface texture while 12% Lactic Acid is brightening the skin and evening skin tone. This peel is an excellent and safe choice for sensitive skin, rosacea, melasma, and all skin colors.

PCA Skin® Peel with Hydroquinone, 40 min., \$130

PCA Peel with Hydroquinone is a potent formula for those who require deeper treatment. This peel is especially beneficial for thicker skin with sun damage and hyperpigmentation. Peel also helps skin with active or cystic acne. Combination of lactic, salicylic, kojic acid, and hydroquinone helps to promote an even skin tone and clear complexion. This peel solution softens the appearance of surface lines and smooths skin texture.

PCA Skin® Ultra-Peel I, 40 min., \$130

Specially formulated to treat maturing skin. Ultra-Peel I is a blend of TCA 10%, lactic acid 20%, kojic acid, azelaic acid and Vitamin C, with the addition of phytohormones for plumping and hydration. It is an exceptional choice for darker skin types and mature skin.

PCA Skin® Brightening Retinol Peel 4%, 40 min., \$130

Retinol Peel is a great choice for all skin types in need of rejuvenation. This retinoid peel smooths, brightens and evens skin tone through increased cell turnover and peeling. Treatment reduces fine lines, wrinkles, discoloration, and smooths the skin's texture. Patients should expect dramatic peeling and sheeting beginning two to three days post-treatment and lasting for up to ten days.

Noon™ G-Peel 50, 40 min., \$130

G-Peel exfoliates the skin, reduces fine lines, wrinkles, sun damage and hyper-pigmentation. It helps reduce uneven skin texture in cases of oily skin. It stimulates dermal collagen and elastin, and it prevents the thickening of corneal layer. Great anti-aging peel.

The G Peel formula contains 50% Glycolic Acid and the clinically proven anti-irritant DermShield™.

Noon™ J-Peel Delicate, 40 min., \$80

J-Peel Delicate is a Jessner's peel with 14% Salicylic acid, 14% Lactic acid and 12% Citric acid. It is used for both inflammatory and post-inflammatory acne, on photodamaged skin, lentigo and seborrhea in oily skin.

Noon™ S-Peel 20, 40 min., \$80

S-Peel 20 reduces fine lines, wrinkles and sun damage. This 20% Salicylic acid has exfoliating, sebum regulating, and anti-microbial effects. It successfully provides treatment for acne skin or rosacea skin with papules and associated redness.

Back Peel, 40 min, \$130

Back peel helps to brighten and treat acne prone skin and even up skin tone.

Laser Treatments

NeoClear Acne or Rosacea Laser Therapy, 30 min., \$165 (series of three treatments \$396)

Acne Vulgaris is caused when pores become clogged and then infected with the p. acnes bacteria. The laser light heats up the affected area to effectively reduce sebum production, suppress inflammation, and kill the p. acnes bacteria to clear existing breakouts, limit future outbreaks, and reduce pore size. Three to six treatments in four week intervals are typically required for substantial improvement. However, even after first treatment, clients can feel a calmer, less oily and less itchy skin. Treatment is combined with a chemical peel to maximize the effectiveness.

NeoSkin Laser Rejuvenation Face & Neck, 45 min., \$260 (series of three treatments \$660)

NeoSkin Laser Chest or Hands add-on, 10min, \$50

Dermaplaning or Microdermabrasion add-on, \$35

By delivering laser fluence to the skin using the 1064 nm laser modality at a unique 650-microsecond pulse duration, the Neo superheats water in the skin tissue and stimulates the formation of new collagen in the dermis. This treatment leads to skin tightening, pore reduction, and tone & texture improvement. Additional benefits for improvement of skin tone occur simultaneously through the breakdown of pigmented and vascular lesions. This treatment also results in active acne improvement, less oily skin and a reduction of unwanted hair.

Treatment is paired with chemical peel according to skin type to maximize the effectiveness.

NeoClear Acne Laser Spot Treatment, 20 min., \$45

Laser spot treatment helps to reduce inflammation and prevents scarring after cystic acne.
