

## New Glow Medspa Menu of Services

### Facials

#### **Diamond Glow Facial, 60 min., \$150**

#### **Diamond Glow Facial - Series of three, \$387**

DiamondGlow® system and technique by SkinMedica® is a patented, fully customizable, skin-resurfacing procedure that simultaneously exfoliates, extracts, and infuses skin with serums. Experience DiamondGlow®, the clinically proven dermabrasion treatment that rejuvenates your skin using our signature 3X1™ technology to deliver immediate and long-lasting results. Unlike a chemical exfoliation, our diamond tips provide a controlled physical exfoliation to remove the top layer of dead skin. Diamond tips with varying degrees of abrasion, along with high-powered suction, give a deeper cleaning by removing dirt and debris from the skin's surface and pores. Suction help with extractions and feels like lymphatic drainage massage.

Our condition-specific SkinMedica® Pro-Infusion Serums permeate the skin down to the dermal-epidermal junction, when pores are open and most receptive, delivering clinically proven, lasting results. We customize facial with the use of serum: with grow factors for antiaging treatment, with Vitamin C or with Even and Correct serums for skin brightening, with Salicylic acid for acne treatment, or with Hyaluronic acid for deep hydration.

#### **Fire & Ice Anti-Aging Facial, 60 min., \$150**

#### **Fire & Ice Facial – Series of Three, \$387**

Fire & Ice Anti-Aging Facial is an advanced facial that combines 50% Glycolic chemical peel and a Noon Triple MCH mesoporation technology with low frequency current for better product penetration and absorption. Massage with heating and cooling device of a highly concentrated peptide complex helps to firm the skin. Facial reduces wrinkle's depth, improves the skin's moisture as well as it nourishes the skin with essential vitamins.

#### **Fire & Ice Skin Brightening Facial, 60 min., \$150**

#### **Fire & Ice Facial – Series of Three, \$387**

Fire & Ice Skin Brightening Facial is an advanced facial that combines diamond tip microdermabrasion, dermaplaning, and Noon Triple MCH mesoporation technology with low frequency current for better product penetration and absorption. Massage with heating and cooling device of a highly concentrated skin brightening complex helps to illuminate your skin. Facial exfoliates, evens up skin tone and improves skin's moisture and nutrition levels.

**New Glow Signature Facial, 60 min., \$140**

**New Glow Signature Facial – Series of Three, \$360**

New Glow Signature Facial is a luxurious yet effective treatment that will leave your face, neck and décolleté exfoliated, nourished, hydrated and glowing. During treatment we combine enzyme treatment, dermaplaning, and light chemical peel exfoliation. Delivery of vitamins, anti-aging ingredients, growth factors and peptides will nourish your skin. This facial is a great choice for all skin types and skin conditions, and delivers maximum results.

**Dermaplaning Facial, 60 min., \$98**

**Dermaplaning Facial – Series of Three, \$250**

Dermaplaning facial with a specialized blade exfoliates on a micro-thin layer to gently remove the surface of dead skin, including facial hair, and prepping the skin for better absorption of topical ingredients. Treatment is followed with extractions; massage, and it is finished with a therapeutic mask according your skin type – Hydrating and cooling, Skin firming and lifting or with Medi-clay mask. Facial can be combined with light chemical peel add-on, to give skin the appearance of resurfaced and rejuvenated skin.

**Hydrating Facial, 60 min., \$88**

**Facial – Series of Three, \$225**

Hydrating facial is the best soothing and hydrating solution for sensitive skin. We use Hyaluronic Acid, Collagen and Xylitol to boost hydration, then Arnica with tremendous healing properties, and Coffee Arabica seed extract to promote blood circulation that reduces the swelling of the skin. Facial is great for sensitive skin, post-treatment sensitized skin, rosacea, dry and dehydrated skin, dull complexions, and it is also suitable for pregnant or lactating women.

**Pore Refining Facial, 60 min., \$88**

**Facial – Series of Three, \$225**

This deep pore cleansing facial is an excellent choice for purifying oily or breakout-prone skin. Microdermabrasion and deep pore treatment with extractions and clay mask help to reduce the acne. Mask with Oleanolic Acid calms down the inflammation, Propolis extract speeds up the wound healing, and Salvia extract prevents the occurrence of skin infections., Sulfur kills bacteria and draws out oil. Application of the salicylic acid peel exfoliate, reduce sebum production and inflammation.

**Mini-Facial, 30 min., \$48**

This shorter version of a facial is perfect for teenagers or as a skin maintenance treatment. We will focus on what is your main concern: deep pore cleansing with extractions or exfoliation, or soothing hydration.

## **Elevate your facial of choice with ADD-ONS:**

**Chemical Peel Add-On, \$25**

**Dermaplane or Microdermabrasion Add-On, 20min., \$40**

**Celluma LED Light, 15 min. \$25**

**Celluma LED Light, 30 min., \$45**

Choose and add Celluma Blue Light Therapy to decrease inflammation and acne. Red light Therapy is a great addition for treating fine lines and wrinkles. Infra-Red Light Therapy accelerates healing of bruises, relieves arthritic, muscle and joint pain. Can be used on face or on body.

## **Microneedling**

**Microneedling Anti-Aging Facial, Face and Neck, 60 min., \$230**

**Microneedling Anti-Aging Facial, Face and Neck, Series of Three, \$580**

**Microneedling Anti-Aging Facial with Dermaplane add-on, \$270**

**Microneedling Anti-Aging Facial with Dermaplane add-on, Series of Three, \$690**

**Microneedling chest or hands add-on, \$60**

Microneedling with InnoPen™ promotes natural induction of collagen without the stress of pain and without down time. Micro-channels, resulting from the needles piercing through the skin, will aid in infusing of therapeutic serum with growth factors. Calming mask with collagen, peptides and plant derived stem cells will soothe and hydrate the skin after treatment. Microneedling even- ups skin tone and improves texture. Treatment is recommended for fine lines, sagging skin, sun-damaged skin, and acne scars.

## **Chemical Peels**

**Noon™ 50% Glycolic acid peel, 30 min., \$130**

**Chemical Peel, Series of Three, \$340**

Glycolic acid peel has the smallest molecular size and the best penetration into the skin. It exfoliates the skin, reduces fine lines, wrinkles, sun damage and hyper-pigmentation. It helps reduce uneven skin texture in cases of oily skin. It stimulates dermal collagen and elastin, and it prevents the thickening of corneal layer.

**Noon™ 20% Salicylic Acid Peel, 30 min., \$130**

**Chemical Peel, Series of Three, \$340**

Salicylic acid peel reduces fine lines, wrinkles and sun damage. Salicylic acid has exfoliating, sebum regulating, and anti-microbial effects. It successfully provides treatment for acne skin or rosacea skin with associated redness.

**Skin Medica Rejuvenize Peel, 30 min., \$130**

**Chemical Peel, Series of Three, \$340**

The strongest from Skin Medica peels, The Rejuvenize Peel is designed for those with moderate to severe skin imperfections. It targets deep wrinkles, sun damage, and other significant signs of aging, providing a substantial improvement in skin texture and appearance. It's classed as a medium-depth peel. This peel's strength lies in its potent ingredients. Salicylic Acid goes deep into pores to clear out impurities and reduce blemishes, making it a standout for refining skin texture. Lactic Acid exfoliates and hydrates, revealing a brighter, more even complexion. Resorcinol peels away the outermost skin layers to diminish age spots and severe discoloration.

## **Laser Treatments**

**NeoClear Acne or Rosacea Laser Therapy, 30 min., \$175**

**Neo Clear Acne or Rosacea Laser Therapy, Series of Three, \$450**

Acne Vulgaris is caused when pores become clogged and then infected with the p. acnes bacteria. The laser light heats up the affected area to effectively reduce sebum production. It suppresses inflammation, and kills the p. acnes bacteria to clear existing breakouts. It limits future outbreaks, and reduces pore size. Three to six treatments in four weeks intervals are typically required for substantial improvement. However, even after first treatment, clients can feel a calmer, less oily and less itchy skin. Treatment is combined with a Salicylic acid peel to maximize the effectiveness.

**NeoSkin Laser Rejuvenation Face & Neck, 45 min., \$285**

**NeoSkin Laser Rejuvenation Face & Neck, Series of Three, \$720**

**NeoSkin Laser Chest add-on, 10min, \$80**

By delivering laser fluence to the skin using the 1064 nm laser modality at a unique 650-microsecond pulse duration, the Neo superheats water in the skin tissue and stimulates the formation of new collagen in the dermis. This treatment leads to skin tightening, pore reduction, and tone & texture improvement. Additional benefits for improvement of skin tone occur simultaneously through the breakdown of pigmented and vascular lesions. This treatment also results in active acne improvement, less oily skin and a reduction of unwanted facial hair.

Treatment is paired with Jessner's chemical peel to maximize the effectiveness.

**Laser Cherry Angioma Removal, 15 min., \$60**

**Laser Hair Reduction - XS area: Chin or Lip or Brows, 15 min., \$40**

**Laser Hair Reduction - S area: Lower face, or Neck, or Feet, 25 min., \$50**

**Laser Hair Reduction - M area: Underarms, or Bikini, 45 min., \$70**

### **Lamprobe**

**Lamprobe Treatment, 10 min., \$60**

With Lamprobe, we are treating minor skin irregularities like cherry angioma, dilated capillaries, milia, sebaceous hyperplasia, fibroma, keratoses, and skin tags.
